Stories

Story Jam features fascinating storytellers from all over Chicagoland, and beyond. Among our performers are top slam winners, comedians, actors, and regular folks. Our goals are building bridges and spotlighting narratives from a DEI perspective, building community, and entertaining and inspiring our audiences.

Music

The music portion of our show is what makes Story Jam unique! There is no other storytelling show that offers customized songs written specifically for each story.

Played by a rocking band, each song reflects its corresponding story in some way, allowing for a fun and creative transition.

Story Serenade

Story Jam's newest project is a monthly show at Madame Zuzu's in Highland Park, IL called STORY SERENADE. At this show, five storytellers share true, personal stories while an improvising musician responds to each story with a made-up song on the spot!

Story Jam Studio

Story Jam Studio is an online adult storytelling school which offers ongoing classes and workshops centered on true, personal storytelling.

Our excellent instructors train teams, companies, organizations, and individuals to harness the power of artful storytelling, and we offer practical, fun, and challenging programs to help people develop tools for connection and community.

Story Jam's public classes focus on writing, performance, solo shows, memoirs, slams, and applying storytelling to personal and professional environments. Visit our website below for more information.
